Springwood Hospitality develops and manages Hilton- and Marriott-branded select-service and extended-stay hotels within 150 miles of its York, Pennsylvania, headquarters. Springwood is developing two of the first TRU by Hilton hotels in the world in Lancaster and York. The company also recently opened the first Home2 Suites by Hilton in Central Pennsylvania, while also planning to develop two additional facilities.

By simplifying its portfolio and embracing new products, Springwood has realized new opportunities and recent growth. Springwood has exited the commercial brokerage, multifamily, development and management, and shopping center management businesses ventures to focus solely on managing Hilton- and Marriott-branded hotels.
